About GBTEC Group

At GBTEC, we firmly believe that the alignment of operational management with risk-conscious actions builds the foundation for successful business management. That is why we are committed to turn the relevant processes into real value drivers for our customers. We achieve this with our state-of-the-art BPM and GRC Suite BIC Platform, qualified consulting and an extensive range of training courses. Companies across all industries master their digital transformation, business process management initiatives and GRC management with our products and services. Our teams at six locations in Europe and Australia work every day to

ensure that global Fortune 500 corporations, medium-sized companies, and public administration benefit from optimal processes and innovative GRC management. For more information, see <https://www.gbtec.com/>.
