

GBTEC Holding GmbH recognized as a Representative Vendor in the 2023 Gartner® Market Guide to GRC Tools for Assurance Leaders

As a leading provider of innovative software solutions, GBTEC is pleased to announce that it has been recognized as a Representative Vendor for its BIC GRC platform in the GRC Tools for Assurance Leaders list in the 2023 Gartner Market Guide [1].

Organizations today must navigate increasingly complex risk portfolios. GRC tools provide relief by facilitating access to risk data and ensuring that organizations meet their growing compliance responsibilities.

- › **In its Market Guide, Gartner highlights the diverse benefits and use cases of a GRC solution**
- › **The report includes a detailed market analysis, current trends, and key criteria for selecting a GRC solution**

We believe that our recognition as a Representative Vendor of a comprehensive GRC solution by Gartner marks a significant milestone for GBTEC and reaffirms the company's commitment to delivering top-notch solutions that empower organizations to effectively manage governance, risk, and compliance in today's dynamic business world.

Innovation and reliability are paramount in BIC GRC

GBTEC remains committed to continuous innovation to ensure its GRC solution stays at the forefront of the industry. We believe this inclusion as a GRC software provider by Gartner underscores the company's expertise in delivering value-oriented solutions that empower organizations to address the growing demands and regulations within GRC.

"For us, this recognition by Gartner conveys two messages," says Samuel Brandstätter, Managing Director & Head of Product Line GRC at GBTEC. "Firstly, it fills us with pride as we believe it validates our ongoing efforts to provide a robust GRC platform that allows organizations to sustainably advance their Governance,
